Announcement about the impact of the COVID-19 virus on business

In accordance with ESMA's guidelines for disclosing the impact of the COVID-19 virus on business, we hereby inform the investment public that as of yesterday, our customer AvtoVAZ in Russia continued with business operations. Although April has been declared a non-working month in the Russian Federation, they and their suppliers are allowed to operate as a producer of special national importance. AvtoVAZ is adjusting its capacities and for the start it will be working with fifty percent of its capacities. Accordingly, our factories in Russia have restarted their production adapted to the requirements of the aforementioned customer.
